

CSD Python API

[User Guide — click here](#)

The CSD Python API user guide and documentation is on a dedicated mini-site, click the link above.

[Free Scripts on GitHub — click here](#)

Access free scripts to perform common tasks in the CSD Python API, from both the CCDC scientists and the user community.

[More Resources — click here](#)

Explore our blogs, webinars, tutorials, and online courses to learn more about what the CSD Python API can do and how to use it.

Help and Support

As with all CCDC / CSD products, you can get technical support by emailing support@ccdc.cam.ac.uk
